INTRODUCTION
This manual is intended to serve as a guide to the organization, procedures, and policies of the African American Studies Librarians Section (AFAS) of the Association of College and Research Libraries (ACRL), both for candidates for office of the Section, and for newly appointed committee members, committee chairs, and discussion group conveners.

The acceptance of a committee appointment or candidacy is extremely important to the Section. It is through concerned volunteer efforts that the association produces the fundamental benefits and products, which are so essential to professional development and improved service in individual libraries.

It is hoped that this manual will be effective in setting you off on the right foot and enabling you to build on the achievements resulting thus far from the hard work of your predecessors.

For additional information, readers are urged to refer to the current ALA Handbook of Organization and ACRL Guide to Policies and Procedures, or to contact a member of the AFAS Executive Committee or the office of the ACRL Executive Director.
