FOR IMMEDIATE RELEASE

ERA NOVEMBER MAGAZINE ARTICLES

The American Library Association's ERA Task Force thinks people interested in the Equal Rights Amendment will be doing a lot of reading in November.

The reason? This November, 35 major magazines will join together in publishing articles on the Equal Rights Amendment.

The Task Force members want to alert libraries to the ERA publishing project since it presents an opportunity to host activities and create displays on this important issue. Libraries may want to sponsor lectures, debates, and discussion groups based on the pros and cons of the amendment.

For more information contact Peggy O'Donnell, ALA ERA Task Force staff liaison, 50 E. Huron St., Chicago, IL 60611.
