FOR IMMEDIATE RELEASE

February 1979

A compilation of recommended nonprint materials in seven areas of the vocational-technical high school curriculum appears in the January 1, 1979 Booklist.

The transparencies, slides, and filmstrips dealing with business occupations, cosmetology, graphic arts and other subjects have been selected and reviewed by the faculty and staff of the DuPage Area Vocational Educational Authority, a cooperative of eight high school districts in the western Chicago suburbs.

The January 1 vo-tech nonprint materials list initiates the on-going evaluation and review of these specialized items by DAVEA.
