Dear Marilyn,

Congratulations on being named editor of the newsletter!

I am willing to take on a reporting assignment. Let me know what you need covered.

As one who is just now sending in his ALA and ALSC dues, I can say that younger members do have financial difficulties. I have the distinction of attending the last two conventions without being at the Newbery-Caldwell awards dinner. I've often wondered what could be served in order for the food to be worth the cost of the dinner. - I'm in favor of a change.

-I hope all is well with you.

-Melvin Burton
