FOR IMMEDIATE RELEASE

The 1977 Directory of Coordinators of Children's Services and of Young Adult Services in Public Library Systems Serving at Least 100,000 People is now available from the Children's Services Division of the American Library Association. A revision of the 1975 compilation, The Directory is a continuation of a publication originally published by the United States Office of Education. It continues to identify the key staff members in our largest public library systems who develop and coordinate programs for children, preschool through junior high school age, and for young adults of high school age.

The Directory includes 468 public library systems and provides the names of 362 coordinators in the field of children's services and 145 coordinators in the field of young adult services. Information was collected with the assistance of members of the Association of State Library Agencies' State Library Consultants on Public Library Services to Children Discussion Group, Directors of State Library Agencies and their staffs.

To order the 1977 Directory, send $2.50 to the Executive Secretary, Children's Services Division, American Library Association, 50 East Huron Street, Chicago, IL 60611. All orders must be prepaid and checks or money orders made payable to the American Library Association.
