For immediate release

The 1975 Directory of Coordinators of Children's Services and of Young Adult Services in Public Library Systems Serving at least 100,000 people is now available from the Children's Services Division and the Young Adult Services Division of the American Library Association. The list is a revision of the compilation made in 1970 by Pauline Winnick, published by the U.S. Office of Education. It continues to identify the key staff members in our largest public library systems who develop and coordinate programs for children, preschool through junior high school age, and for young adults of high school age.

The directory includes 1,827 public library systems and provides the names of 700 coordinators in the field of children's services and 258 coordinators in the field of young adult services. Information included was collected with the assistance of Pauline Winnick, members of the Association of State Library Agencies' State Library Consultants on Public Library Services to Children Discussion Group, Directors of State Library Agencies and their staffs.

To order the 1975 Directory, please send \$2.00 to Executive Secretary, Children's Services Division, American Library Association, 50 East Huron Street, Chicago, Illinois 60611. All orders must be prepaid and checks or money orders made payable to the American Library Association.
