New Guide to Ethnic Materials

A new guide to ethnic materials is now available from the American Library Association. Multi-Ethnic Media selected bibliographies in print were compiled by David Cohen, Coordinator of the Task Force on Ethnic Materials Information Exchange, Social Responsibilities Roundtable of the ALA, and has been published by the Office for Library Services to the Disadvantaged.

The sources presented in this publication are currently in print and thoroughly annotated so that librarians may have the means of decision-making in selection and acquisition. The bibliography is divided into three sections. Included in the first section are bibliographic essays where the author has explained the criteria and other bases for the selection of the recommended materials. The second section deals with bibliographic materials to be used primarily with children and young adults. The third section contains sources, such as newsletters and bulletins which provide information about new materials available for most ethnic groups. Updating of the bibliography is planned for supplementary bibliographies. To order your copy of Multi-Ethnic Media, send check or money order for $2.00, payable to the American Library Association, to the Order Department, ALA, 50 East Huron Street, Chicago, Illinois 60611.
