

ACRL LES Collections Discussion Group Annual 2016 Agenda

Sunday, June 26, 2016 from 1:00 to 2:00 PM
Hilton Orlando, Ballroom 7

Discussion topics:

- As the nature of scholarship is changing, how do we collect for these changes? Is collect even the correct word? How do we provide access to digital scholarship materials?
- What impact will Open Educational Resources and other open source publishing initiatives have on literature collections?
- What is the value/importance of browsable collections? What is the impact on scholarship as print collections move to offsite storage?
- Weeding beyond the low-hanging fruit: how do we identify which little-used works of literature and criticism are worth saving?
