Antiracist Baby

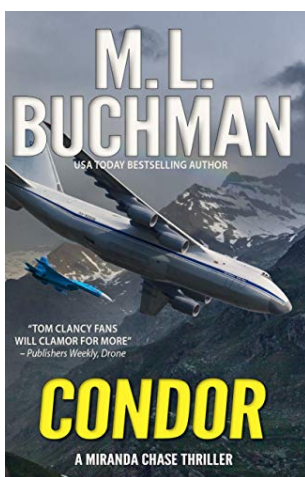

By Ibram X. Kendi and illus.
by Ashley Lukashevsky

The emergence of the term "antiracist" in our global discourse has pushed away language that now seems euphemistic—multicultural, diverse, pluralistic—and that clearly was not strong enough to allow us to examine deeply rooted prejudices carefully.

Acclaimed author Kendi believes that even the very young need to be familiar with what it means to be antiracist, yet this colorful board book is as much for adult caregivers as it is for little ones.

Featured Author: M. L. Buchman

★ Condor

By M. L. Buchman

This month's issue of *Booklist Online Exclusives* includes not one but two starred reviews by M. L. Buchman, both from the Miranda Chase series. Miranda, an air-crash investigator with autism, studies Russian satellites in *Condor* and deals with a hostage situation in *Ghostrider*. Every technothriller in this series is named after a type of aircraft, and although Buchman includes apt technical descriptions of these machines, he balances them out with exciting plots and rich character development, especially through Miranda and her hand-picked team. The Miranda Chase series will appeal to readers who appreciate the military science of Tom Clancy as well as the suspense of Lori Foster. For Buchman's other recent titles, see below.

WHAT IS A BOOKLIST ONLINE EXCLUSIVE REVIEW?

Booklist Online exclusive reviews complement *Booklist's* already extensive print coverage, allowing us both to review some subject areas in greater depth and to weigh in more quickly on titles not released for review in advance of publication. Occasionally, we write new reviews of older books, too, to offer fresh perspective on a familiar work. These titles are recommended, with qualifications as noted, for purchase by public and school libraries; for further information, please consult the *Booklist* selection policy.
