The Project

Continuing our project from the previous EL Team who built an online archive for the Round Table, we built a media archive by collecting oral histories of current and former members.

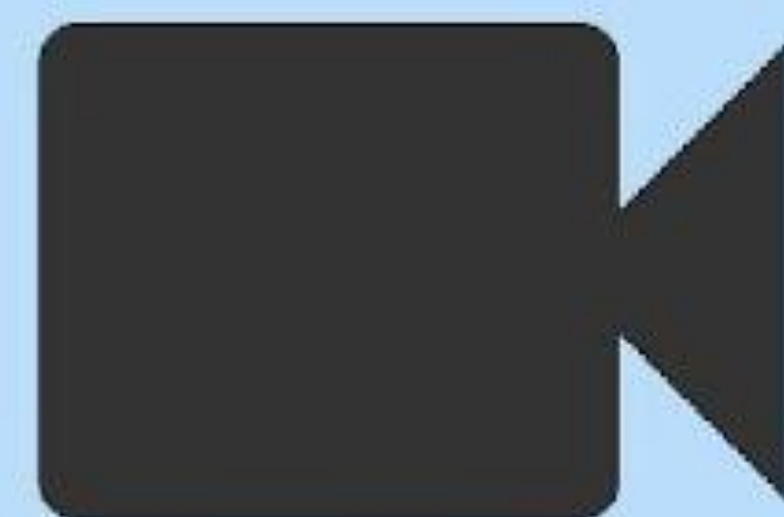

Collaboration:

The Emerging Leader team worked with leadership from the Round Table

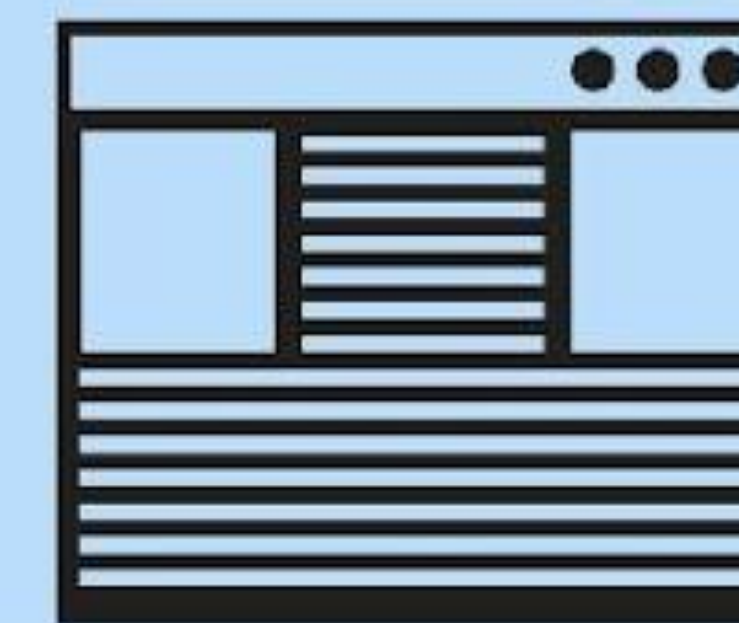

Interviews:

Five members were interviewed about their involvement with the Round Table

Website:

The videos were transcribed and uploaded to the GLBTRT Google site

Survey:

An email survey was sent out to registered members of the Round Table

Videos:

The interviews were recorded and uploaded as unlisted onto YouTube

Toolkit:

A toolkit was created for members of the Round Table to continue collecting oral histories
