A program followed the business meeting. Dr. Doris Clack, Professor Florida State University, addressed the issue "Treatment of subject headings relating to Afro-Americans in LCSH".

Chairperson Chisholm shared the results of an index project designed to examine the treatment of Afro-Americans in a number of indexes and resources. Curtis Kendrick on American History and Life has completed the index project. As part of this project, a sign-up sheet was circulated for others to select an indexing service or resource to continue this examination and report on the findings at Midwinter Conference. The meeting was adjourned.
