

**American Library Association
Emily Drabinski, President-Elect Report
October 2022**

It was the honor of a lifetime to be elected President-Elect for the American Library Association. The support I have received from friends and colleagues, from ALA members and staff, has been remarkable. My campaign platform centered the needs of library workers and that will be my guiding focus for my president-elect and presidential year. I have assembled a large and diverse advisory committee that will meet regularly to frame the directions for initiatives in my presidential year. I have prioritized conversations with ALA members via an aggressive conference attendance schedule as well as a significant number of virtual meetings with members. I hope to make good on the faith ALA members have put in me and my capacities to grow association membership and expand our reach. Thank you especially to Lessa Kanani'opua Pelayo-Lozada and Patty Wong and to Tracie D. Hall and her staff for their mentorship, friendship, and support.

ALA speaking engagements:

“Out of Crisis, Change: How ALA and You Can Change the World.” Keynote talk, South Carolina Library Association, 10/6 [Columbia, South Carolina]

“Banned and Challenged Books.” Panelist, College of Staten Island, 10/6 [online]

Advisory Committee

2023-24 ALA Presidential Focus

My Presidential Focus will highlight membership growth through engagement with issues important to front line library workers including climate change, worker rights, and the particular challenges facing school and youth librarians. The team will meet monthly in advance of the January deadline to submit a presidential initiative budget to the Executive Board.
