

Web Resources for the Rare Materials Cataloger (WRRMC) Editorial Group Report
Spring 2024
Presented by Tammy Druash, editor

The Web Resources group has been maintaining the site, ensuring that all entries follow the editorial guidelines, and conducting a bimonthly link check.

Broken links/removed links:

As of March 2024 there are 15 resources that are temporarily unavailable due to host site maintenance. We've been checking them periodically for updates but they remain hidden for now until a new link is available.

New Resources Added:

1. [Glossary of Early Modern Popular Print Genres](#) (in the Glossaries section)
2. [Papers of the Bibliographical Society of America](#) (in the Publications section)
3. [Book Arts Web reference sources](#) (in the Illustrative Processes section)
4. [Language of Bindings Thesaurus](#) (in the Bindings section)

Documentation Roundup:

In preparation for future editors some additional documentation has been added to the Google Drive folder for WRRMC. This includes historical information about the group, the editing guidelines and site maintenance instructions, and past reports to BSC. The previous [wiki](#) that had been setup for WRRMC can probably be deleted now that all documentation is in Google, but it has been left as-is for now.

Membership Updates:

Tammy will be rotating off the committee at the end of June. Thanks to Tad Boehmer for his service to the Editorial Group over the past year.
