The first hour was for networking and meeting with other section groups. Trevor Dawes and Mary Ellen Davis spoke about ways ACRL has been working on engaging itself. The group looked at the Harwood Community Engagement Approach, which is a good method to help libraries define their presence. The groups applied and practiced the method; thinking about the value of academic libraries and how we are practicing engagement. Sally added that there was a valuable discussion on the aspirations of ACRL to focus outward and identify and share aspirations. The groups shared concerns and aspirations which included undergrad education and instruction, building relationships, creating a sustainable community, and rejuvenating the profession and relationships with colleagues.

6. ANSS Committee and Discussion Group Reports [Sat & Mon]

6.1 Information Literacy Comm. (Adam Beauchamp) [Sat]: The committee met virtually to finish small edits to the Information Literacy standards. It was decided at annual not to overhaul these since ACRL is currently reviewing their standards. The edits will be forward to the officers. The changes are not major, mostly involving out of date examples. Pauline asked that these edits be sent to the listserv. The repository of learning objects project has found that the different approaches to instruction leads to different things being submitted. The committee would like to restructure the current ANSS “Guide to Subject Literature” page to provide links to course guides, pieces of instruction, modules etc., with the goal of enhancing the existing web pages instead of creating something new. Adam received approval to do this. The page will be renamed. Rui mentioned that the committee will be looking for a new co-chair as Adam is finishing his term. Rui asked about a possible program for addressing IL and BI assessment. A suggestion was made for submitting something for ACRL to stay within the charge of the committee.

6.2 Conf. Prog. Planning 2014, Las Vegas (Sally Willson Weimer) [Mon]: The program for 2014 is entitled, “Supporting community transformation: becoming a community engaged academic library”. It is co-sponsored with EBSS. Researchers and their academic librarian partners will illustrate their direct impact on local communities. There was a discussion regarding the cost of catering and the possible sponsorship. Katie will send Sally the exact details on the cost of catering for the Chicago Program. 6.4 Liaison Comm. (Katie Elson Anderson) [Mon]: The liaison committee meeting was moved so the liaisons are now able to attend. The committee agrees that the Liaison’s should serve on the committee with an ex-officio status. Executive agreed. Erin will look into adding them so they have access to the committee’s ALA Connect page. The committee recently discovered that while our current liaisons were given a two year term, ACRL Liaison’s serve a 3 year term. The committee would like to adjust the terms to match ACRL. Juliann is willing to serve another year, Katie will check with Mandy. Executive approved the change to a 3 year term. The committee continues to work on organization and creation of formal procedures and documentation. The committee is exploring the possibility of an additional liaison to the Academy of Criminal Justice Sciences and maybe even an Archaeology liaison. This would be dependent on funding from ACRL and ANSS. A suggestion for Executive to earmark some money for liaisons was made. Currently all funding comes through ACRL after the liaisons have applied for it.

6.5 Membership Comm. (Anne Larrivee) [Mon]: Jenny Bowers has been added to the membership committee. The committee is looking at statistics in order to chart trends. Current stats: 423 personal memberships. 34 Organization. 457 total. Megan has been contacted about the December numbers Miriam is exploring the creation of map of location of ANSS members. The possibility of posting it to the website was discussed. Anne will send it the map to executive for approval for inclusion on website. Social media stats: 190 Facebook, 126 Twitter. There was a discussion regarding Facebook, should we create a new page for members to share and post (other than the organizational page). There were some concerns with finding our page on Facebook. Erin will follow up with Anne. A Google account has been created in order to create a Google form as a survey for current members. The new survey will be compared to old survey and will be sent to Executive for feedback. The committee proposed a virtual meeting with liaisons to hear about their experiences, Executive supports this. Pauline noted it would be useful to see trends- when people are joining/

6.6 Nominating Comm. 2014 (Lars Klint) [Slate Completed, no report needed]: The slate is completed and announced and appearing in Currents. A question regarding the timing and appointment of the chair of the Nominating committee was addressed. The Chair starts their work at annual, but is appointed before annual (at midwinter) retroactively. Erin has discussed this with Megan. The ANSS history project is being tabled due to lack of participation. Considering adding a history corner to feature 1 item of ANSS History per Currents. Beth Sheehan is working on the history corner. Erin resigned as co-chair. Erin is getting emails from other sections regarding migration to ANSS web and getting compliments on the site.

6.8 Resource Review & Bibliography Comm. (Helen Clements/Karen Evans) [Mon]: The committee met virtually via Google Hangouts before midwinter. Several articles are being proposed for Spring Currents and the group is following up on these. Topics include a review of SpringerLink, a criminology topic, Bureau of American Ethnology publications and open access resources. Other articles are being explored for the fall issue. Virtual meetings will continue due to lack of travel budgets and limited travel availability. The committee hopes to have a hybrid meeting for annual.

6.9 Review & Planning Comm. (Jennifer Darragh) [Mon]: Jen discussed the possibility of moving the Review and Planning meeting to Sunday so Exec II could take the 1.5 time slot. No objections. The committee edited the ANSS manual for officers and chairs. Chairs can expect to review their charges and check-lists for chairs to make sure information is accurate and add anything that should be included. 7. ANSS Business [Sat & Mon]

7.1 ANSS Budget (Pauline Manaka) [Sat]: ANSS has been allocated $1053.00. There was a discussion regarding possible funds needed for the EBSS/ANSS program. Sally does not think any are needed, but will confirm. Can the budget be used to take speakers from the program out to lunch? This needs to be confirmed with Megan. Does this money have to spend during fiscal year? Yes. Is the budget used for Liaison support? Can some be earmarked for Liaison?

7.2 Other ANSS business [Sat & Mon]:
[Sat] There was a reminder that committee membership application runs through February.
[Mon]: Pauline will be collecting minutes in February before the ACRL deadline. A reminder will be sent.
ACRL: Call for proposals due in May, Scholarships available, an ANSS presence would be welcome.
Reward proposal: Please send comments to Pauline. Executive needs to agree on the details and the process. Two volunteers needed for the task force, email Pauline if interested.

7.2.1 New ANSS Award Proposal (Rui Wang) [Sat]: A concept for an ANSS Award was proposed to Executive. Members would be nominated each year for the award. Rui has been attempting to contact vendors for sponsorship. Jen asked if Megan had been consulted regarding other sections that have awards? Yes, and those sections have sponsorship. It was suggested that other sections be consulted to find out best practices in seeking sponsorship. Executive should decide on how to proceed with the award proposal. Discussion on how best to proceed; concern with staffing another committee for the award, nominations etc., would like commitment of money before proceeding. Sections that are currently providing awards are much larger than us, where is the money coming from? Jen suggested a task force be created to explore these questions, especially
the funding ones. Pauline may appoint a task force to look into funding. The award could be used to help recruit more members. Rui volunteered for the task force, 2 other volunteers were requested.

7.2.2 Liaison Reports AAA and ASA (Couture, Swygart-Hobaugh) [Sat]: Julianne Couture is in her 2nd year as the liaison to AAA. She will be attending the ANSS Liaison committee meeting. Julianne attended the AAA conference in November and took part in many conversations about various methods of scholarly communication. She was appointed to an AAA committee on the future of electronic and print publishing, which will be looking at what publishing at AAA is going to look like in the future. Cultural Anthropology is going to be a “test” Open Source publication. AnthroSource will be updated. There are two other librarians on this committee. Wade made a suggestion for AnthroSource to reevaluate the pricing structure for smaller schools.

The report from the ASA Liaison, Mandy will be sent to Executive.

7.2.3 Toolkits Update (Manaka and Smith) [Sat]: The toolkits are being addressed by Pauline. We were unable to achieve success in getting a team to update the toolkits.
