

NMRT Board Member Progress Report

1. Office Name: President

2. Office Term (Date: Ex. 2005-2006): 2009-2010

3. What kind of interaction have you had with your committees thus far this year? What support have you been able to provide them?

I have been in email contact with the committee I supervise as well as cc'd on messages for the rest of the NMRT committees. I have been able to assist committees in moving forward by providing context for what has been done in the past and ideas for what might be done in the future. NMRT is in a period of transition and it is my hope that we use this as an opportunity to try new approaches, develop new relationships, and take some risks. I have also been in regular contact with supervising board members and providing them support for working with their committees.

4. What would you still like to accomplish in your office before the end of your term?

I look forward to receiving a report from the Budget Task Force so that NMRT can develop strategies to more effectively allocate and spend its budget as well as move forward with fundraising efforts. There are likely items that need to be transitioned to the president-elect. I also need to make sure all committees successfully complete their work.
