****Activity in Current Reporting Period**

a) Projects completed (For example, any procedures, tip sheets, checklists, etc. created during this period):

- Organize and launch liaison program fully by September 2011
- Set up "teams of liaisons" with each committee member serving as *team leader* for a group of liaisons
- Team leaders will contact liaisons at least once/quarter to remind them about postings to NMRT and their respective units and will provide prompt responses to any questions/concerns
- Team leaders will provide liaisons with pertinent information for **MidWinter Conference**--NMRT meetings and events and ask that they communicate the same with their liaison units

b) Projects in progress but not yet completed:

- Team leaders will support and encourage liaisons with affirmation, tips, and suggestions, e.g., writing an entry for *Footnotes* in the Fall, Winter, or Spring
- Evaluate and revise Best Practices document for liaisons

- Create Best Practices document for LC&S committee members (including suggestions for recruiting and possible troubleshooting)
- Establish list of state ALA chapters that have bylaws indicating state's appointment of the ALA-NMRT liaison
- Compile data from liaisons about the quantity and kinds of communication they forwarded to NMRT and their liaison units to include in the final report
- Encourage existing liaisons to apply to serve on next year's LC&S committee
- Recruit existing liaisons to renew their appointment(s), as applicable
- Recruit NMRT members to volunteer as liaisons to fill needed spots
- Team leaders will provide liaisons with pertinent information for **ALA Annual Conference**--NMRT meetings and events and ask that they communicate the same with their liaison units
- Ask liaisons to specifically invite their units to attend NMRT Orientation (as a representative and/or be sure their unit brochures are available at that program) and possible other programs (to be determined)

****Action Items/Issues To Be Resolved (What is left to do, based on your Planning Report? Have there been any substantial changes in plans since then? What items, if any, have been deferred until next year?):**

At this point, none of the above bullet points have been deferred until next year, though I realize the second half of the term goes very quickly. I hope that we can accomplish most of what's not yet completed for this term to make the LC&S committee better prepared and better functioning for 2012-2013.
