- A proposal was submitted to the Herb Block Foundation for $10,000, to support the Office of Intellectual Freedom. The McCormick Foundation had always supported the Office for Intellectual Freedom for Banned Books Week within the local area of Chicago, but has now moved in a different direction. Hopefully Herb Block will step in.
- The Association for Library Service to Children (ALSC) received a grant from the Dollar General Literacy Foundation and they are working on various activities surrounding Dia de los ninos, Dia de los libros.
- Lifetime Television has made a $38,000 gift to the production of PSAs for the campaign.
- Jim Neal, ALA Treasurer, Greg Calloway, Associate Executive Director of Finance and Kim Olsen-Clark have begun laying some foundation work for “planned giving campaign”. The idea is to set a stage for a drive to get one hundred planned gifts at $100,000.
On a motion by Courtney Young, seconded by Em Claire Knowles, the Executive Board Voted that the Executive Board approve a full list of companies from the Domini & TIAA-CREF portfolios of “Socially Responsible” companies from which the ALA Development Office and other units could use to prospect for corporate partners, sponsors and donors in support of ALA’s mission. EBD #6.1

Kim Olsen-Clark also gave highlights from the Spectrum Presidential Initiative, the goal of which is to raise $.5 million from within the ALA constituency and $.5 million from external stakeholders. Kim reported that more than $500,000 has been raised, all coming in from the membership side.

The Development Office has twenty-one prospects who have identified themselves as giving to scholarships and may be potential Spectrum funders. The Development Office is working with the Bill and Melinda Gates foundation on a two-year proposal for 200,000 for the first year and $100,000 for the second year. Four additional proposals have been submitted to AARP, Dick and Betsy DeVos Foundation, Scholastic and the H.W. Wilson Foundation.

Olen-Clark reported that 57 individuals and groups have donated a gift of $1,000. The ALA Executive Board is at 100% and ALA Council is at 33%. Fourteen dinners have taken place and $12,000 has been raised. Approximately 70% of the gifts have been earmarked for the Spectrum Endowment.

(Exhibit 18)

Barbara Macikas, Executive Director, PLA and Larra Clark Director, OITP Program on Networks, presented highlights from the Public Library Association (PLA) and the Office of Information Technology (OITP) and their work with the Bill and Melinda Gates Foundation. Gates has reached out to their partners to talk about their future grant strategy and a shift from direct investment in public libraries infrastructure to focus on capacity building and advocacy. PLA and OITP were invited to put forward proposals for the development of public access technology.

The goal is to create a set of public access technology benchmarks that are designed to help local library leaders use technology to support local community priorities and deliver library programs. The benchmarks will be used to support community goals and to motivate reinvestment in public access technology and inspire continual improvement of the technology that serves our communities in public libraries.

The International City/County Management Association (ICMA) is one of the organizations involved in the working group process. If a public library director is speaking with their city or county manager regarding this process, the goal is that there will be a common language that will benefit the library in their advocacy efforts to increase or maintain funding.

The grants in the first round are for thirteen months and PLA and OITP are expecting to make the public announcement of the grant’s funding in February or March, 2011.

• The total assets for this period are $69.1 million and are $448,000 more than 2010. The final result is that the net assets for ALA in closing was $38.2 million and that is higher by $2.7 million.

• At the Finance Workshop where presentations were given from the Association of College and Research Libraries, the Association for Library Services to Children, and the Library Instruction Round Table gave their perspectives on how they proceed with their budgets at their Division and Round Table level and then present it to the Buget Analysis and Review Committee (BARC).
