FOR IMMEDIATE RELEASE

July 1978

A staff development directory and bibliography has been released by ALA's Library Administration Division's Personnel Administration Section Staff Development Committee.

Staff Development in Libraries; a Directory of Organizations and Activities, with a Staff Development Bibliography is the second edition of the publication. The first edition was given to participants of the "Staff Development Resources Forum and Fair" held during the 1976 ALA Annual Conference. The directory of organizations has been revised, but the bibliography remains the same.

The compilers, under the direction of John DePew of Florida State University, hope to be notified of other organizations involved in staff development that are missing in the present directory.

The 34-page directory includes fourteen organizations known to be active in the field of staff development and provides information about each, such as funding sources, organizational objectives, program areas, publications, availability of training materials, and consultants. The bibliography, compiled by Andrea Hawkins and Charles Bolles, contains 33 annotated entries under the headings of Bibliography of Bibliographies, Management, and Staff Development Programs.

The directory is available for \$2.00 from the Library Administration Division, ALA, 50 East Huron Street, Chicago, IL 60611. Tel.: 312-944-6780.
