FOR IMMEDIATE RELEASE

September 1977

Robert Wedgeworth, Executive Director of the American Library Association, has been appointed to the Air University Board of Visitors. He is the first librarian ever selected for membership on the board, which is composed mainly of university administrators.

The Board's purpose is to examine curriculums, methods of instruction and management and to advise the Air University's Commander on broad policy matters.

Headquartered at Maxwell Air Force Base in Alabama, the Air University provides Air Force officers and senior noncommissioned officers a progressive program of education. The program is designed to enhance their professional competence by broadening their perspective and preparing them to assume responsibilities at higher levels of command and staff duties.

Mr. Wedgeworth will serve for three years.
