

ALA NMRT Annual Program Committee Report- Respectfully Submitted by Alyse Ergood

Alyse Ergood (Chair) worked with Annual Program presenters, Robert Shroeder and Beth Thomsett-Scott on revising and editing a Program Survey to gauge what information possible program attendees wanted to gain from Annual Program Presentation. Chair forwarded to committee members and asked for suggestions/edits; some committee members provided feedback. Chair liaised with Kimberly Redd to get survey complete with committee members input. Chair forwarded Survey, "NMRT Authors and Editors -Building Goal Congruence, Building Relationships," to various groups online multiple times. After survey results were received, Kimberly Redd extracted and compiled data and then forwarded the results to Chair, who forwarded them to the presenters. The presenters designed their presentation based upon this survey feedback.

Presenters forwarded PowerPoint presentation to Chair who uploaded it to ALA Connect. Chair set up and scheduled rehearsal with Kimberly Redd and then forwarded information to committee members and to presenters. Chair set out a reminder, but the majority could not attend. Chair ran rehearsal; chair and presenters rehearsed for NMRT Annual Program (Online), "NMRT Authors and Editors -Building Goal Congruence, Building Relationships," on Thursday, June 12 at 12 pm EST.
