RUSA Board's Bylaws Task Force met earlier this week and would like to solicit feedback from membership with regards **to our current Bylaws**. In addition to updating the language such as keeping the document in present tense, avoiding the use of pronouns, etc, the task force has identified a few areas that can be strengthened or needs updating.

The Task Force invites your input and asks you to tell us about areas of the Bylaws that seem to be unclear or out of date or where current RUSA activities need to be included. **Please use this form** to provide your input before Jul 15, 2024. The task force plans to recommend Bylaw changes to the Board by Nov 2024 in order to meet the 2025 ballot deadline.

Thanks,

Joseph
