FOR IMMEDIATE RELEASE

Names of potential leaders in the profession, particularly ALA members who may not yet have served at the national level, but who have been active in regional and other activities, are being widely sought by the ALA Nominating Committee for the 1977/78 slate of Council and Presidential candidates. The Committee invites all members to submit names, including their own, for consideration. Suggestions should include the following: name of candidate, address, present position, age, sex, race, telephone, ALA participation, other professional activities, publications, and a brief statement as to why the person would be a good choice. Specific information regarding these factors is essential to the development of a slate representative of the heterogeneity of the association. Suggestions should be submitted no later than April 1 and may be sent to any member of the committee:
